

A REPORT COMPARES THE DEVELOPMENT OF TOURISM INDUSTRY IN KERALA

Section B deals with tourism industry in Kerala and. Section C deals with act itself), and time (the temporal element which is compared by the trip itself and the stay According to WTTC Report, , India's travel and tourism is expected to grow Tourism has potential to bring about social and cultural development.

The impact this industry can have in the different stages of economic development depends on the specific characteristics of each country. The traditional songs also start in a stylish slow pace, then gain momentum and end abruptly. The same investment would create only sixteen new jobs in the petroleum industry and fifteen in metallurgy. Typical to the Adi Dravida folk dances and songs, the movements and formations of dancers clad in white thorthu and banyan choreographed in Kuthiyottam are quick, peaks at a particular point and ends abruptly. Total cruise-passenger visits to the Caribbean have increased by nearly 40 percent since , equivalent to an annual growth rate of 8. Although the majority of tourists to the Caribbean are from the United States, the percentage is dwindling as other countries discover the islands. Tourism offers developing countries the possibility of diversifying their export earnings, particularly given that i traditional exports are subject to price fluctuations and ii there is a trend toward reducing the administrative, monetary, and border formalities that affect international tourism mobility. Normally, the training starts about one to two months before the season. They also tend toward areas of little agricultural value. Gross tourism receipts represented some 25 percent of all export receipts. Therefore, a unit of investment in tourism would have more than double the impact of an equivalent amount in other industries. Tourism and GDP The tourism sector in the Latin American and Caribbean countries contributes significantly to GDP earnings, though this contribution is not reflected in the domestic income and product accounts of most countries. D, Attukal Pongala which has the Guinness record for being the largest gathering of women in the planet , and Chettikulangara Bharani. On the next day these structures will be taken back. The number of hotel rooms in the Caribbean has increased by 74 percent since There has been a rapid increase in capacity in Aruba and Puerto Rico in recent years. Tourist Income Multiplier and Value-Added The tourist income multiplier tim is a coefficient that expresses the amount of income generated by a unit of tourism expenditure. The Dominican Republic is the largest destination in terms of room capacity, with 24, in Because of its interdependence with other sectors of the economy, it is difficult to analyze and plan for tourism. But it is also a reflection of the increasing importance given to recreation and leisure as a result of rising world income levels. According to the CTO, the 77, hotel rooms in fifteen Caribbean countries equaled 88, jobs, or almost 1. The main originating areas in were the United States The nearby site of Kottapuram , a 16th-century fort, was also excavated from May as part of the Muziris Heritage Project. Also, a high level of hotel construction is under way in Cuba, mostly in association with Western European consortia.
